TRELLIS WALL

OUR MOST COST-EFFECTIVE GREEN WALL!

- Possibility to have a finishing frame ;
- Possibility of integrating foliages, succulents and others ;
- The foliage of the trellis is **guaranteed for 5 years** against discoloration, which makes it a durable and economical choice ;
- Perfect for outdoor installations.

Starting at
\$15/SQ. FT.
 Includes a black painted wood base

STEPS OF PRODUCTION OF THE TRELLIS PLANT WALL :

Our green walls are designed by hand in our atelier located in Laval.

- 1 Large wooden panel (painted black) used as a base for the green wall ;
- 2 Addition of the expandable lattice panel ;
- 3 Addition of a finishing frame ;
- 4 Addition of artificial plants fixed by hand ;
- 5 Vaporization of our cleaning solution on the entire wall to prevent dust from adhering to the wall.

GREENERY WALL

ENTRY LEVEL

Due to the added vegetation and foliage sparingly placed on the moss base, the entry-level greenery walls offer an organic appearance. You can opt to cover large bits of the moss with various greenery for a striking overview or you can choose less foliage for a complementary look.

- Large choice of foliage, succulents and others ;
- Possibility of having a finishing frame ;
- No watering required: plants keep their original appearance and do not need to be pruned and/or replaced over time, which makes it an economic and sustainable choice.

Starting at

\$50/sq. ft.

Includes a styrofoam base and green artificial moss

STEPS OF PRODUCTION OF THE ENTRY-LEVEL GREENERY WALL :

Our green walls are designed by hand in our atelier located in Laval.

- 1 Large wooden panel serving as a base (background) of the green wall ;
- 2 Styrofoam panel ;
- 3 Addition of urethane to create volume ;
- 4 Green moss mat ;
- 5 Addition of a finishing frame ;
- 6 Addition of artificial plants fixed by hand ;
- 7 Vaporization of our cleaning solution on the entire wall to prevent dust from adhering to the wall.

GREENERY WALL

HIGH RANGE

The high-end plant walls offer a dense and lush look that does not show the artificial moss base. They create a striking effect at first glance.

- Large choice of foliage, succulents and others ;
- Possibility of having a finishing frame ;
- No watering required: plants keep their original appearance and do not need to be replaced over time, making it an economic and sustainable choice.

Starting at
\$80/SQ. FT.

Includes a styrofoam base
painted black

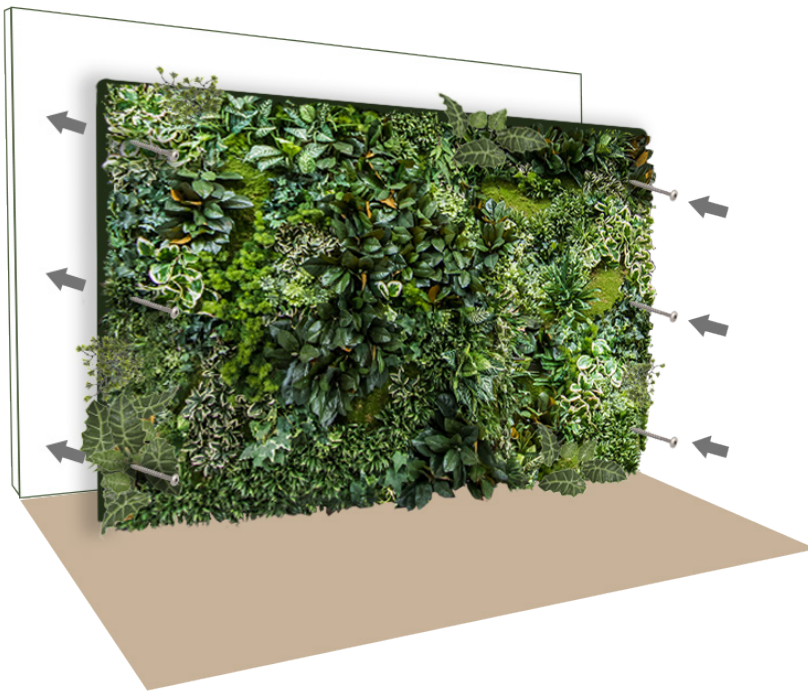

STEPS OF PRODUCTION OF THE ARTIFICIAL HIGH RANGE GREENERY WALL :

Our green walls are designed by hand in our atelier located in Laval.

- 1 Large wooden panel serving as a base (background) of the plant wall ;
- 2 Styrofoam panel (painted black) ;
- 3 Addition of a finishing frame ;
- 4 Addition of artificial plants fixed by hand (these cover entirely the black styrofoam surface)
- 5 Vaporization of our cleaning solution on the entire wall to prevent dust from adhering to the wall.

QUICK AND EASY INSTALLATION.

Since the green wall is manufactured on prefabricated panels in the workshop, its installation is fast and efficient.

A single visit will suffice for the complete installation of the greenery wall.

The panels will be fixed to the wall thanks to several anchors located behind the panels and their tips will be camouflaged by the foliage

MAINTENANCE

Artificial plant walls require very little maintenance. Each year, simply remove dust with a dryer and spray with an artificial plant cleaner to restore their original shine.

UV protection spray should be sprayed annually on plant walls exposed to sunlight through a window.

COMMERCIAL REALIZATIONS | ARTIFICIAL GREENERY WALLS

Our artificial greenery walls can cover vertical or horizontal walls, ceilings and small spaces. They can also be composed of wood inserts to create modern geometric designs.

ABOUT US

Décors Véronneau is a Quebec company established for over 35 years in Quebec.

We specialize in the sale of finest quality artificial flowers and plants, as well as the creation of customized projects for both residential and commercial sectors.

We have an impressive inventory of vases and pots as well as all garden and holiday essentials. We have a showroom located in Laval.

Unique and handmade products!

We are known for our many handcrafted tree models made from natural trunks and artificial foliage, for our small and large-scale plant walls and for our unique custom-made floral creations.

We also have a team of designers dedicated to creating unique concepts for commercial spaces.
